DENOMINACIÓ D'ORIGEN

THE CAN MARTÍ ESTATE

The Can Martí estate belongs to the Torelló family since 1395 (14th century) and occupies 135 hectares in Gelida (Alt Penedès). The soils are clay-calcareous (limestone) and 80 hectares are ecologically cultivated with 11 distinct varieties. The harvesting is done manually in boxes of 25 kgs, pallets of 200 kgs or small trailers of 2,500 kgs.

THE 2023 HARVEST

The harvest on our Can Martí estate started in the early morning of the 8th of August, 5 days later than the previous year due to the mild temperatures in May and June which led to a slower maturing of the grapes, and it finalised on the 9th of September. The 2023 harvest will be remembered for an extreme drought and for a lot of close attention to the vineyard. Between the end of the 2022 harvest and September 2023 the amount received has been 387 litres per square metre, very inferior to the average of 550 litres. There was a worry that the drought might affect the quality but the wines resulting from the harvest are excellent, as much for the corpinat base wines as for the still wines.

VARIETIES

65% Xarel·lo and 35% Malvasia from our Can Martí estate.

PRODUCTION

The two grape varieties share a similar vegetative cycle, which allows them to be harvested on the same day and pressed together. Inertys technology is used in the presses to protect the must from oxidation during this phase. Fermentation takes place in stainless steel tanks at low temperature to preserve all the varietal aromas.

PRESENTATIONS

Available in 75 cl and 1.5 litres (Magnum).

TASTING NOTE

Bright straw yellow, with golden reflections. The nose is suggestive, with fruity and sweet aromas, honey like. Floral notes, delicate, but with intensity. Fruity fullness with a good dose of bone fruits, exotic notes of apricot, peach, plum and water pear. The palate is very fruity, with white fruit and bone fruit. Citrus freshness, good acidity. It is a very pleasant and tasty wine.
